

## **Connecting Your Android Box to internet using a cable**

If Wi-Fi has been turned On then it may not connect using a cable unless you turn off the Wi-Fi.

To **turn off Wi-Fi** (do Steps 1) through 5) then on step 6) select "**Off**" instead of "On"

1) **plug the network cable into the android**

2) **verify that the network is connected** do steps 1) to 4) Make sure that it says Ethernet Connected
