Navigating the Android and Kodi Menus

Using the Remote

1) Connecting power to the device will take you to the **Android menu**. Pressing the "**Home**" button will return you to the Android menu.

2) Use the "**Up, Down, Left, Right**" arrow buttons to **high light** menu items then press the "**OK**" to select it

3) Use the "**back arrow**" button to return to the previous menu

4) Press the "**mouse**" button to turn the mouse feature On and Of

5) With the mouse feature enabled you now press and hold the "**Up, Down, Left, Right**" arrow buttons to move the cursor to what you want to select.

6) watch out for the "**mute**" and "**Volume buttons**" on the remote. You don't want to have the volume low on the remote then have to crank the volume from the TV to compensate.
